The Directors  
DataDot Technology Limited  
PO Box 62425  
French Forest, NSW 2086  
Australia

Dear Sirs,

Pursuant to Section 249D of the Corporations Act, I, Brent McLaws, being the holder of 17,635,000 ordinary shares in DataDot Technology Limited ("DDT"), representing 5.126% of the issued voting capital of the Company, hereby call upon the Directors of DDT to arrange for and hold a General Meeting to consider the approving of the following ordinary resolution:

"That Connie Lo be removed as a Director of DataDot Technology Limited".

The reason for my seeking this resolution is as follows. Ms Lo, a Singaporean resident, is a former executive director of DDT who relinquished her executive role with the company by mutual agreement in December 2008 but remains on the Board as a non executive director. Ms Lo is not an independent director under the standard recommended by the ASX Governance Council. In my view the interests of the company would be best served by removing Ms Lo as a director, thereby allowing the attraction of up to 2 further independent directors bringing new and broader director skills without increasing the size of the Board beyond five.

Yours faithfully,

  
Brent McLaws
